JVS Statement:

JVS began a fact-gathering process after becoming aware of a video showing an off-duty employee apparently interfering with the petition-gathering process of the San Francisco Board of Education recall. We immediately placed the employee on administrative leave and, now, after a thorough review we have dismissed the employee. We are grateful for the guidance and support we've received from the San Francisco community of which we have been honored to be a part of for almost 50 years.
