Welcome to JVS!

We help people build in-demand job skills, make connections and build a career in the Bay Area.
We Were Built For This

Over the past 45 years, JVS has helped over 80,000 people build in-demand skills and find work.

This pandemic has caused historic disruption to our economy and labor market.

JVS has pivoted through five recessions, adapting to a changing economy to keep our skills training up-to-date for the current job market.
Over 50% of jobs come from personal and professional networks
What's Our Secret Sauce?

JVS puts our clients at the center of an ecosystem of wrap around services and connections.
The Job Search Battleground

The job search process can be overwhelming and frustrating. We are here to offer expertise for how to navigate the system to set yourself up for success.

"I feel like my resume is going into a black hole. I send out 50 applications with no call backs."

"Entry level jobs need 2-3 years of experience...how do I get my foot in the door?"

"All these new jobs require new tech skills. How can I refresh my digital skills?"
JVS offers services at all stages of your job search.
I have a target job in mind, but need support sharpening my job search skills.
